## Notes...

# Students of the Academy of Pharmaceutical Sciences (APS)

Networking, training and support for professional and career development within the pharmaceutical industry

The APS is grateful for the support of:

[www.apsgb.co.uk](http://www.apsgb.co.uk) • [info@apsgb.org](mailto:info@apsgb.org)

# Are you...

**an undergraduate or or postgraduate pharmacy or pharmaceutical science student studying for a pharmacy or pharmaceutical science qualification?**

This is a significant first step for many aspiring pharmaceutical scientists as it opens doors to a career in practical science or positions within the wider graduate employment market.

The APS can support you to develop your career by providing.

- **Career guidance and opportunities**
- **Education & Training**
- **APS development roles**
- **Opportunities to present research work**

## Presenting at the Annual PharmSci conference

**11th International PharmSci Conference 2-4 September 2019, Queen's University, Belfast.**

A forum where young aspiring scientists can showcase their talents alongside world leaders from academia and industry.

Present your work as a poster and have a chance to be selected for a podium presentation at the conference or be judged the best poster.

## Education & Training

**Industrial Insights Conference 2020 at Astra Zeneca, Macclesfield, 31st March to 1st April 2020.**

Annual conference at a major pharmaceutical company site to explore opportunities in the Pharmaceutical Industry.

## Career guidance and opportunities

By attending careers fairs where experienced Industrial Pharmacists are on hand to talk and present to students about career opportunities within the Pharmaceutical industry. On request workshops and presentations can be provided to universities.

## PharmaFocus

Industrial visits, providing an insight into what happens at a pharmaceutical company.

## Training & Scientific meetings

Opportunities to develop your understanding of specific areas of pharmaceutical sciences and be aware of the latest developments.

## Accreditation of undergraduate course

Accreditation promotes good practice in the training and development of pharmaceutical scientists. A team of industrial and academic pharmaceutical scientists can be contacted to discuss the process.

## APS Development Roles

Enhance your CV and open up a wealth of networking opportunities within academia and the pharmaceutical industry by becoming:-

### APS Representatives

Postgraduates, undergraduates and scientists early in their career are eligible to apply for this role.

### Committee Member of New Scientist Focus Group (NSFG)

Being a NSFG committee member is an exciting opportunity to network and help organise events for others.
